

Suma Grill Hi-Temp D9.8

Product Name:

Suma Grill Hi-Temp D9.8

Product Type:

Grill/Hot Plate Cleaner

Use/Purpose:

A heavy-duty, highly concentrated alkaline cleaner engineered to dissolve stubborn grease, fats, and carbonized soil on hot cooking surfaces. It is highly effective for cleaning grills, ovens, and toasters directly at operating temperatures up to 100°C–175°C

Pack Size:

6 X 750ml

Current Price:

PKR 20,296/-

Recommended Dilution:

Ready to Use

Cost Effectiveness	
Suma Grill Hi-Temp D9.8	Caustic Soda
(PKR 20296/6 PKR 3382 per 750 ml bottle of ready to use solution)	Caustic Soda (Cancerous Material, banned by PFA) also corrodes the surface of the cooking utensil hence reducing its life

Benefits:

Food grade chemical. Carbon built up causes uneven distribution of heat on the cooking utensil/equipment affecting the quality of food (food being under or over cooked).
